

TERM 1 NEWSLETTER 19/02/2018

Welcome to Term 1 2018. Hope you are all enjoying your golf lessons and don't forget to take the opportunity to play golf on the course as it's a great benefit that is included with your lessons.

GOLFING TIP

START YOUR DOWN SWING WITH YOUR HIPS

Nearly every down swing fault is due to starting it with the upper body rather than bumping the hips'. Imagine skimming a stone or throwing a baseball and how the lower body starts the movement with the upper body following

JUNIOR TIGER TOURNAMENTS

"With a Junior Tiger Tournament coming up in Term 1 2018 all Junior Tigers are encouraged to "PLAY" on the day.

"PLAY" means "to engage in activity for enjoyment and recreation rather than a serious or practical purpose"

Golf competitions are a little different from most sports whereas spectators, family and friends are allowed on the playing field during actual play. This can be quite distracting for players especially when they are over loaded with (well meaning) advice.

So, this Terms advice is for everybody attending not just the competitors!

JUNIOR T.I.G.E.R

T - TRAINED - your children have done their training during classes - so no technical instructions during competition (just encouraging making sure they are enjoying the day)

I - IMAGINATION - let the kids use THEIR imagination (not yours) and be creative with their game.

The greatest golfers of all time have had great imagination when it comes to shot selection.

G - GAME - remember it's only a game! It's not that serious! We want the kids to continue

Playing for a long time this will only happen if they enjoy playing.

E - EXCITING - it should be an exciting atmosphere rather than stale environment for the kids to play as it's their chance to be watched without being told do this, do that, your feet aren't point right, you lifted you head! Etc.

R - REMEMBER - to read and remember the above!

(Remember how you wanted to "play" when you were a kid!)

JUNIOR TIGER TOURNAMENTS

Below is a list of tournaments available at our Golf Courses for Junior Tigers in our programs. These tournaments are a great way to develop your game further and are suitable for most levels. We strongly encourage you to play additional tournaments at the other venues as this will help the development of your skills.
